Students and families,

This year we are fortunate to engage in a “hybrid” band camp experience for the members of the North Marion High School Colt Stampede, both staying overnight at Camp Kiwanis, and working daily at NMHS. At this camp, our students will not only have many hours each day to perfect a marching band show and perform at a high level, but will also sharpen their leadership skills and grow together as one band family. Our staff and Boosters have been planning this trip for many months to ensure that safety, high quality education, and fun are part of each minute at camp.

Please read the following information very carefully and more than once. In order to make use of precious camp hours, every band member must be prepared to follow our schedule carefully, and also remain flexible for the many contingencies that could change our plans. We ask that parents and guardians place full trust in our staff and band Boosters – we will follow safety and behavioral protocols established by Marion County Public Schools as though this were another day of school.

Thank you for supporting music education in our school, and providing our students with a once-in-a-lifetime opportunity to develop and perfect their art form in a unique and focused setting.

Mr. Janosa, Director of Music

 - Designs and teaches all aspects of the percussion section and front ensemble. Mr. Morin is a full-time paraprofessional at NMHS.

All MCPS staff are background checked as you would expect of any educator in our school district. Non-paid volunteers also will have a volunteer form and background check on file with the school.

Still interested in chaperoning? [Contact Mrs. Tank ASAP](#) – there is still time to join our parent volunteer team!

PARENT/GUARDIAN EXPECTATIONS

We have one request for all parents: let your band member enjoy their experience! 😊

Our staff and parents will be highly attentive to safety and behavior 24/7. There will be 6-8 adults (many of them full time educators) constantly monitoring just 50 students, a far higher ratio than what they are used to experiencing on an average day of school. We have even created a culture where students monitor themselves and report concerns consistently and professionally. Please, enjoy a few days of peace with your student working hard at our band camp. They will have access to their phones during long breaks/evening time, but there is no guarantee of cell signal etc.

BAND MEMBER RULES AND EXPECTATIONS

You are the primary representation of our band program on and off campus, even with no uniform on. It is expected that you maintain model student behavior at all times while at band camp. Further, we are guests at camp facilities and are allowed to use it for free. We must leave it cleaner than we found it.

Failure to follow our expectations may result in calls home to parents and/or school administration. Serious infractions may result in a call for your parents to immediately come pick you up from Camp Kiwanis with no “second chances”.

General Camp Rules

- Follow the schedule (will be posted daily) set by your staff very closely. Wake-up, lights out, and meal times are not suggestions.
 - Students must stay in the rooms/bunks assigned to them – there is no switching (even temporarily) for any reason.
 - After lights out, there should be no students outside unless you are going to/from restroom facilities. Students found anywhere else will be sent home immediately (yes, even at 3:00am).
 - Horseplay, running around, parkour, etc. are not permitted. You can't march very well with a sprained ankle.
 - Treat every word from a parent, band staff member, or leadership student as though it came directly from Mr. Janosa. We have a network of trusted adults and student mentors to ensure this process works right.
 - Eating three times a day is not a suggestion. You risk your health by going outdoors in the heat without adequate food and hydration.
 - If a personal possession is not allowed on school campus, it is not allowed here either.
 - If an outfit is not allowed on school campus, it is not allowed here either.
 - If it is not a word or gesture allowed on school campus, it is not allowed here either.
 - [Please review the MPCS Secondary Code of Student Conduct if you are unsure about general school rules.](#)
- ➔ Students are responsible for keeping track of times. Schedules may change, staff and leadership will communicate clearly. STUDENTS must keep track of their time expectations.

Rehearsal Rules

- Cell phones will be collected before drill and music rehearsals. Students do not need them during these times. They will be returned when we have free time after rehearsal.
- Only select leadership students should be talking during a rehearsal, drill or music. Otherwise, all attention should be directed to band staff.
- Restroom breaks should be kept to a minimum.
- Water breaks mean you must drink (not chug) water. Dehydration is a one-way ticket to an ambulance ride.
- Must be prepared for every rehearsal: instrument, reeds/oil/towel, music (even if you aren't using it), music stand, water, pencil.
- If you don't know “what, where, or when” – ask your leadership first.
- Must be in designated area/block BEFORE posted time. Late = group consequences.

MEALS

- Students are provided (free!) meals according to the following schedule:
 - **July 26th – 28th at Camp Kiwanis**
 - **July 26th: Lunch and Dinner**
 - **July 27th: Breakfast, Lunch, and Dinner**
 - **July 28th: Breakfast and Lunch**
 - **July 29th – August 2nd at North Marion HS**
 - **Lunch and Dinner**
- Parents are welcomed (and encouraged) to donate healthy snacks to our Booster team throughout camp. If you would like to donate snack items, they should accommodate all students (50 people is our estimated number). Healthy snack suggestions include: granola bars, Propel/Gatorade drink packs, and fruit trays. Please reach out to Mrs. Tank at Alicia.tank@marion.k12.fl.us if you plan to bring food items!
- Students with dietary restrictions will be accommodated to the best of our abilities. Please communicate dietary restrictions ASAP – food purchases are made BEFORE camp actually starts!

WEATHER SAFETY

- Per Florida law and MCPS policy, we will not have outdoor rehearsal during hours of extreme heat. Mr. Janosa will regularly check the “Wet Bulb Temperature” – a complex weather reading which takes into account heat, humidity, and air movement – to determine safe rehearsal conditions.
 - Again, students must drink water on every water break. No exceptions.
- We will move indoors during any signs of nearby lightning; we also have an app which monitors lightning strike distance.
- A little rain by itself is NOT a safety concern. Per the packing list, bring more than the minimum number of shirts/shorts/socks to survive the week. Harmless rain is possible in Florida and a change of clothes may be necessary.

GENERAL MEDICAL SAFETY

- If a small first-aid kit can handle an injury/accident, we will provide treatment, make record of it, and contact the parent as necessary.
- For any injury/illness more serious, we will immediately contact those listed on our emergency contact form, and/or 911 as appropriate. Please check your phone regularly while we are away at camp.
- Staff cannot administer over-the-counter medication “just because”. Those with a prescription for OTC/prescription only medication must be registered through the school.
- *Exception: If a student needs a rescue inhaler or Epi-Pen, they are expected to have it at arms-reach at all times. (Not in their cabin, not in the cafeteria, not in their bag on the sideline. It must be on their person).*
