Trinity Catholic High School

7:00pm

46th Annual

Marion County High School

Marching Band Festival

Marion County Marching Band Festival

The purpose of the Marion County Marching Band Festival is to provide our high school bands the opportunity to perform for each other as well as the general public. This is not a competition. Bands are not evaluated for a rating. You will see and hear bands cheering for each other with sincere appreciation and encouragement. There is excitement in the air because the official Music Performance Assessment sponsored by the Florida Bandmasters Association is this weekend at Leesburg High School. These students are hard working individuals that are going to give you their absolute best effort this evening. We hope you enjoy their shows!

Tonight's performances provide an opportunity for the band directors to see and hear how well their band performs in this setting. Mr. John Ash, Band Director from the College of Central Florida, will be conducting the Star-Spangled Banner at the beginning of the event. He, along with retired band director John Leschak will also be listening, watching, and recording comments of our shows to give us valuable feedback to help us improve.

Our announcer for tonight is Mr. David Fritz, retired band director from Fort King Middle School and now conductor of the popular Kingdom Of The Sun Concert Band. The Marion County band directors would like to take a moment and thank the Ocala Optimist Club of Ocala for sponsor this event from 1973 to 2021. Major contributors where Charlie Dixon and "B" Brooks and finally ending with Alonzo & Mary Braddon and Orlando & Bonnie Marino. Please stand and give a moment of appreciation to them and for all of the great moments we had with the former Optimist Club of Ocala.

Now… ladies and gentlemen, let's enjoy all of the shows!

Special Thanks to the Optimist Club

This event was formerly hosted and sponsored by
The Optimist Club of Ocala, a local organization which supports music education in our schools.

We thank the following members for their years of support and service to our students:

"ARTIFICIAL INTELLIGENCE"

Movement 1: **TECHNOLOGY:** Technology makes our lives better in every way.

Movement 2: **INVASIVE TECHNOLOGY** I think it knows too much about me and what I am thinking and doing on a daily basis.

Movement 3: **CAPTIVE TO TECHNOLOGY:** Technology controls too much of my life… through facial recognition, voice recognition, fingerprint scanning I feel that I am losing my identity.
